SOUTHBRIDGE, MA- Once a year, Jason Main, Vice President of Southbridge Savings Bank’s SSB Investment Services, hosts a customer appreciation day for his clients. The event is held at Heritage Country Club and draws participants from around New England. Each year he also raises money for charity through participant donations that he includes as part of the event.

“Our clients truly appreciate that we host this great day of golf, fun and friends. As a result, they are more than happy to take a chance on a 50/50 pool, in which half the pool goes to a worthy cause” said Jason, during a recent interview. The winner of the pool this year, Bill Plante, owner of Heritage Country Club, kindly donated his winnings back to the charity. These donations, along with matching funds from SSB Investment Services, meant that the organization received a check for one thousand dollars to support their program.

This year the money goes toward The Cancer Center at Harrington, which is Harrington Hospital's portion of the free-standing cancer center on the campus of Harrington Hospital in Southbridge. The two-story facility, at 55 Sayles Street and called The Central Massachusetts Cancer Center, is a joint venture between Harrington Hospital and Radiation Therapy Services, a private corporation. The first floor, which is currently open, is operated by Radiation Therapy Services. The second floor, which is scheduled to open in the winter, will be operated by Harrington Hospital.
